Annual Flower Seeds

PAINESVILLE OHIO
To Our Friends

WITH very few exceptions, every item offered in this list is grown on our own grounds. Such few items as we do not grow are among the annual seeds, and are from the very best sources.

High prices and high quality should go together, but quite often they do not. We offer here a combination of high quality and low prices that will prove hard to overlook.

We guarantee every single item offered to be true to name, fresh, clean stock. Large enough always to bloom the first season and give good results. We guarantee all seeds to be true to name and to show good germination. Let us know at once please, of anything not strictly up to what we have led you to expect. We want your trade, not only this year, but in coming seasons. If we cannot please you we will receive only this initial order. We are ready always to do our share.

IN REGARD TO DELIVERY

All prices on seeds are by mail prepaid. All prices on plants and bulbs in lots of each and twelve are by mail postpaid. In the heavier plants, such as digitalis, peonies, mallows, ornamental grasses, sedums, roses, and shrubs, a fair sized plant will often weigh one pound and it is plainly impossible for us to send out by mail a good heavy plant even at “each” rates, so if heaviest plants are wanted it is always best to specify express, in which case we will add enough to the order to materially help out on the express bill.

Sincerely,

RALPH E. HUNTINGTON.
GENERAL LIST OF ASTER SEED

Royal. An earlier form of the branching aster. We consider this the most important in the whole list for the commercial grower. Almost absolutely non lateral, stem of great length and flower of exquisite form and large size. Coming into bloom with the last of the Queen of the Market it is a most important factor in the cut flower market, both under glass and outside. It runs to about six stems, sparse, and can be planted closely. Our stock of this is of exceptional quality and for profit or for the private garden we recommend it very highly. White, Shell-Pink, Lavender-Pink, Lavender, Purple. Pkt. 10c; 1-16 oz. 25c; ½ oz. 50c; 1 oz. 85c.

Queen of the Market. We offer in this most important early aster, strains of our own growing. This we have selected with great care from super stock plants and we can recommend it very highly. White, Crimson, Light Blue, Shell Pink, Light Rose, Dark Blue, and Light Shades mixed. Pkt. 10c; ½ oz. 25c; ¼ oz. 45c; ½ oz. 75c; 1 oz. $1.00.

Snowdrift. The very best early white comet. A few days later than Early Hohenzollern. An upright and compact grower, large flower and long stem. Our stock of this is extra fine. Pkt. 10c; 1 oz. 35c; ½ oz. 65c; ¼ oz. $1.20; ½ oz. $1.75; 1 oz. $2.50.

Snowdrift—Pink. This aster was named by our employees who thus designated it when under number on account of its color and origination from Snowdrift. In flower, plant, stem, and growth generally, this is without doubt the largest and strongest upright comet aster in cultivation. The enormous flowers are very well filled and after standing three weeks in bloom the majority of the centers will be well covered. Bright clean rose pink. Pkt. 15c; 1-32 oz. 25c; 1-16 oz. 40c; ½ oz. 70c; ¼ oz. $1.20; ½ oz. $1.75; 1 oz. $2.50.

Lavender Gem. A fine, upright comet aster, good size, long stem, never comes yellow centered. The earliest true lavender. Our stock of this was wonderfully fine this season. Pkt. 10c; 1-32 oz. 20c; 1-16 oz. 35c; ½ oz. 65c; ¼ oz. $1.00; ½ oz. $1.65; 1 oz. $2.25.

Triumph Comet. With us this magnificent aster has shown fully equal in size, and superior in form to the much advertised "Astemum" and in addition the colors are much more delicate and desirable. Well rounded flowers, high centered, good stems and free blooming, coming on directly after Lavender Gem and Snowdrift. This variety should make a reputation as a market sort. It is strictly upright, very compact, and can be planted closely. Colors, White, Azure, Rose, Shell Pink. Pkt. 15c; 1-16 oz. 25c; ½ oz. 50c; ¼ oz. 75c; ½ oz. $1.35; 1 oz. $2.00.

Vick's Mikado. The finest of the midseason comet asters, very vigorous and free, the immense feathery flowers reaching under fair cultivation as large as 6½ inches in diameter. This aster receives special attention here and we offer an exceptional grade of seed. White, Rose, Lavender-Pink, Lavender, Purple. Pkt. 10c; 1-16 oz. 25c; ½ oz. 40c; ¼ oz. 75c; ½ oz. $1.25; 1 oz. $2.00.

Shell Pink Mikado. Identical with Mikado, pure shell pink in color, a fine grower. Pkt. 15c.; trade pkt. 25c.

Perfection. A distinct race of upright asters. Flower of branching type, but very strongly whorled, making the center very well covered, so well that it is almost impossible to grow this aster with yellow center. Flower large, stems long, plant very robust. The full double form of the flower makes a very shy production of seed, hence the following high prices. Two colors, White, Lavender. Pkt. 15c; trade pkt. 25c.

Giant Purity. Distinct in form, flower well rounded and very solid. Of vigorous growth, upright, compact, and very free. Better for making up than Early Branching, in bloom at same time. Pkt. 10c; 1-16 oz. 25c; ½ oz. 40c; ¼ oz. 75c; ½ oz. $1.40; 1 oz. $2.25.

Our aster seed is grown on our own grounds.
ASTERS—Continued.

Giant Comet (Bodgers Giant Branching.) This aster is so superior to the common type of Giant Comet that we have discarded the latter entirely. A true giant growth, branching in form of plant, stems of great length, flower beautifully formed and curled to the centre. We recommend this very highly, both for market and garden use. Quite late to bloom, comes with the last of the late branching. White, Shrimp, Pink, Light Pink, Lavender, Dark Blue, Crimsson. Pkt. 10c; 1-32 oz. 25c; 1-16 oz. 40c; ½ oz. 75c; ¼ oz. 95c; ½ oz. $1.50; 1 oz. $2.50.

Late Branching. A splendid strain of a well-known aster. Lavender-Pink, White, Pink, Lavender, Rose, Crimson, Purple, Dark Violet Light Blue. Pkt. 10c; ½ oz. 20c; ¼ oz. 35c; ½ oz. 65c; 1 oz. $1.

Late Branching Peach Blossom. Peach-blossom pink, slightly deeper in color than Lavender-pink flower of more rounded form. Pkt. 10c; tr. pk. 20c.

Enchantress Pink. Very vigorous grower, upright in habit, flower large, color soft, delicate pink, stands very well both as shipping and bedding aster. Pkt. 15c; 1-32 oz. 30c; 1-16 oz. 45c; ½ oz. 75c; ¼ oz. $1.25; ½ oz. $2.25.

Violet King. Rich, light violet in color. Very large and vigorous, spiky, quilled flowers of immense size on long stout stems. Very late, splendid shipper. Pkt. 10c; 1-16 oz. 25c; ½ oz. 40c; ¼ oz. 75c; ½ oz. $1.25; 1 oz. $2.50.

Rose King. Identical with Violet King, color rich rose. Same price.

Pink King. The most beautiful of this type, color a dainty blending of lavender, pink and white. Pkt. 15c; 1-32 oz. 25c; 1-16 oz. 40c; ½ oz. 60c; ¼ oz. $1.00; ½ oz. $3.00.

Lavender King. Tall, upright grower, flowers very double, pleasing shade of lavender lightening toward the tips. Form of true King type. Pkt. 20c; tr. pkt. 35c.

White King. True King type, immense white flowers, very easy grower. Pkt. 10c; 1-32 oz. 25c; 1-16 oz. 40c; ½ oz. 75c; ¼ oz. 95c; ½ oz. $1.50; 1 oz. $2.50.

Shell Pink King. True King type, upright, light shell pink. Pkt. 10c; 1-32 oz. 25c; 1-16 oz. 40c; ½ oz. 75c; ¼ oz. 95c; ½ oz. $1.50; 1 oz. $2.50.

Crimson King. Brightest crimson, a fine bedding sort. Pkt. 10c; 1-32 oz. 25c; 1-16 oz. 40c; ½ oz. 75c; ¼ oz. 95c; ½ oz. $1.50; 1 oz. $2.50.

Giant Branching Comet is an ideal cutting aster.
Huntington's Superba. A giant branching comet aster, of same habit as Mikado Pink, but much larger, blooming with late branching. Immense size, perfect form, long stems. The finest white comet aster, superior to Crego, Gt. Hohenzollern, or Mikado. Pkt. 15c; 1-32 oz. 30c; 1-16 oz. 45c; \(\frac{1}{2}\) oz. 75c; \(\frac{1}{2}\) oz. $1.50.

Peerless Pink. The finest of the late branching in its color, rich shell pink, flower of finest possible form. A strong and easy grower, reaching thirty inches in height under most common cultivation. Our stock of this carefully grown and will please the most critical. Pkt. 15c; 1-16 oz. 25c; \(\frac{1}{2}\) oz. 40c; \(\frac{1}{2}\) oz. 75c; \(\frac{1}{2}\) oz. $1.35; 1 oz. $2.50.

Sawyer Asterum. This aster attracted much attention at the S. A. F. Convention at Chicago in 1912 and was the most advertised aster during the season of 1912-13. The pink is a beautiful shade, warm and bright, lightening with age, instead of growing deeper as do most pinks. We have a good stock of carefully grown seed in white, pink, and deep lavender. Pkt. 10c; \(\frac{1}{2}\) oz. 35c; \(\frac{1}{2}\) oz. 50c; \(\frac{1}{2}\) oz. $1.00; 1 oz. $1.75.

Early Branching (Non Lateral.) Aster growers will appreciate the value of this strain whose flower stems are almost free from side stems and buds, throwing the entire vitality of the plant into the development of the long stems and immense double flowers. We offer this aster in the old colors, white and rose, adding a new color, lavender or light blue. We do not hesitate to pronounce this latter the best lavender branching in cultivation. It is larger and of better form and earlier than either Late Branching, Carlson’s, or Invincible. Pkt. 10c; \(\frac{1}{2}\) oz. 35c; \(\frac{1}{2}\) oz. 50c; \(\frac{1}{2}\) oz. 90c; 1 oz. $1.75.

Early Branching Non Lateral Shell Pink. An all around really good aster in a most desirable color. Pkt. 10c; \(\frac{1}{2}\) oz. 35c; \(\frac{1}{2}\) oz. 50c; \(\frac{1}{2}\) oz. 90c; 1 oz. $1.75.

Late Branching Non Lateral White. This is without doubt the finest white aster in the late branching type. Introduced about eight years ago, it gave splendid results for a few seasons but soon commenced to go back. For the past two years it has been almost off the market, and has been dropped by the large seed houses on account of scarcity of stock. This season we have a fair stock and we offer it at the prices below. Pkt. 10c; 1-32 oz. 25c; 1-16 oz. 40c; \(\frac{1}{2}\) oz. 75c; \(\frac{1}{2}\) oz. 95c; \(\frac{1}{2}\) oz. $1.50; 1 oz. $2.50.

Crego. A fine late comet aster, considered by many the finest of this class. For making up, when about two-thirds open this aster has no superior. We offer five colors: White, Rose, Purple, Lavender and Shell-Pink. The The first two are the strongest growing and

ASTERS—Continued.

make the largest size. The lavender is a pure, gray-lavender, of most beautiful form, giving when about two-thirds open, all the effect of a lavender water lily with finely cut petals. The same is also true of the rose and purple at this stage of growth; when the tips of the petals of both are shaded almost white, giving the flower a most beautiful effect. The colors in this aster seem very hard to establish and will be found very slightly mixed, probably 5 per cent. Pkt. 10c; 1-16 oz. 25c; ¼ oz. 40c; ½ oz. 75c; ½ oz. $1.25; 1 oz. $2.00.

Lady Roosevelt. This aster will give results under the most trying conditions. A very tall grower. It bears its solid, heavy flowers on stems often reaching 42 inches under ordinary cultivation. Color a bright rose-pink, making a beautiful combination when cut with Non Lateral White. It is a splendid keeping and shipping sort and is not at all susceptible to disease. The seed we offer is taken from terminal flowers on side branches only. Pkt. 15c; 1-32 oz. 30c; 1-16 oz. 45c; ¼ oz. 75c; ½ oz. $2.25; 1 oz. $4.00.

Late Upright. Very tall growing, compact variety. Flowers in form and size resemble the branching type but lean a very little toward the Victoria in arrangement of petals. This can be planted closer than branching type and will show no soiled flowers from rain unless it is a heavy, driving rain. Three colors, white, rose and crimson. Pkt. 10c; ¼ oz. 35c; ½ oz. 50c; ¼ oz. 80c; 1 oz. $1.50.

Late Upright Lavender-Pink. A splendid upright aster, suitable for cutting or for lifting in field and potting. Good stem, large flowers of delicate lavender-pink. Our stock of this is especially fine. Pkt. 10c; 1-32 oz. 20c; 1-16 oz. 35c; ¼ oz. 66c; ½ oz. $1.00; ¾ oz. $1.50; 1 oz. $2.50.

Hohenzollern. Late. White, Rose, Light Blue, Purple. Splendid late comet aster, making perhaps larger size than Crego. Plant is fully as large, flower somewhat flatter with centre well covered. We are working up a stock of this but of the colors listed above, white only is of our growing. Pkt. 10c; 1-16 oz. 25c; ¼ oz. 20c; ½ oz. 75c; ½ oz. $1.25; 1 oz. $2.00.

BICOLORED AND NOVELTY ASTERS.

Dwarf Comet. Mixed. A veritable bouquet, eight inches tall, upright, selected to bright colors crimson, blue, etc. Valuable for borders or for potting for store use as it will stand in bloom for five weeks. Pkt. 10c; 1-32 oz. 25c; 1-16 oz. 40c; ¼ oz. 75c; ½ oz. $1.25; ½ oz. $1.75.

Royal Stripe. Light blue with a band of white around each petal. Those who saw it on our grounds this season compared it to a bunch of blue and white baby ribbon. Flowers average 4 to 5 inches. Stem 18 to 24 inches. It is of the branching type and makes a rather lower plant than Semiples. Pkt. 10c; trade pkt. 25c.

Dwarf Bouquet. Boltze mixed, 8 to 10 inches, extra double, bright colors only. Fine for borders or pots. Pkt. 15c; trade pkt. 25c.

Peony Perfection. Upright, densely double and free, incurved. Violet and white, crimson and white, Sulphur-yellow. Pkt. 15c; trade pkt. 25c.

Hohenzollern. Much similar to Crego, taller and larger flower, Silvery Lilac, or Deep Lavender. Pkt. 15c; trade pkt. 25c.

Dwarf Comet is the best bedding aster.
GENERAL LIST OF FLOWER SEEDS

We grow our own seed of asters, most of our Salvia, and Phlox Drummondi, and while we do not list them, we grow and will be glad to quote on seeds of almost all perennial plants listed in this catalogue, besides many novelties not listed.

Celosia Childsii is an easily grown, gorgeous border.
FLOWER SEEDS—continued.

CENTAUREA GYMNOCARPA (Dusty Miller). A low growing plant with silvery gray leaf. Fine for border

CHRYSANthemUM. Showy and effective summer flowering annual, much used for cut flowers. This is not grown as extensively as it deserves. Very attractive.

—Album Grandiflorum, (Star of the North). Giant flowered white, valuable for cutting.

—Chameleion. Light coppery-bronze, changing to clear yellow, very large flowered.

—Golden Wheel. Same as above. Golden yellow.

COSMOS. A strong growing plant with very handsome foliage. The old stand-by for late cutting.

—Double Crested Mixed. A distinct improvement in this popular flower. The flower much resembles the double forms of Pyrethrum roscum. High crested centres, surrounded with the usual row of wide cosmos petals. About 60 per cent. double according to our trials. Mixed only.

—The Bride. Purest white, tinted faint pink, a beautiful combination.

—White Lady Lenox. A fitting companion to that finest of all cosmos. Pink Lady Lenox, flower even larger, very robust grower.

—Fringed Mixtures. White, in deeply lacinated flowers, a new wrinkle in cosmos.

—Bodger’s New Striped. A charming new type of this popular annual. Large white centres, petals distinctly striped.

—Large Flowering. White.

—Large Flowering. Crimson.

—Crimson Ray. Bright crimson, fine, new.

—Tall Late Mixed.

—Tall Early Mixed. A new form of the early flowering type, flowers much larger and colors better.

DELPHINIUM ANNUAL (Larkspur).

—Tall Double Stock Flowered, (Forcing). The finest strain of this beautiful and easily grown annual, fine for cutting.

—Tall Branching. Old fashioned single.

—Hyacinth Flowered. Mixed.

DOLICIOS. (Hyacinth Bean). Rapid annual climbers, with large heart shaped leaves. Very useful for quick shade, and very ornamental. Easily grown.

—Printzess Helene. Identical with above except that flowers are pure white and foliage lighter in color.

DIANTHUS (Garden Pink).

—Queen of Holland. The finest white.

—Marvelous Mixed. This remarkable strain produces large flowers, double, with fine, thread like petals. All flowers are from the very best seed.

—Sulphureus, (New). Light yellow, finely doubled flowers, as yet slightly various as to color.

—Fireball, (New). A form of Lacinatur or Marvelous, light salmon.
FLOWER SEEDS—Continued.

ESCHOLTZIA, (California Poppy). Very attractive annuals for beds, massing or edging, free flowering with very handsome finely cut foliage. In bloom from June till frost. The yellow sorts and the blue Centaurea make a beautiful combination. (Do not try to transplant these).

MARIGOLD

Old favorite free flowering annuals. We offer two types below, the African and French. The first named are the large flowering and run to yellow and orange shades and are well adapted for large beds and mixed borders. The French are more dwarf and flowers are generally striped in yellows and mahogany browns. Both are very easily grown.

AFRICAN MARIGOLD

Eldorado. Large imbricated and extremely double. All shades of yellow.------------------------ Pkt., 0.5c. Trade pkt., 15c. Oz., 20c
---Prince of Orange. Intensely double flowers of a rich deep golden orange. A fine contrast to Lemon Queen. Pkt., 10c. Trade pkt., 20c. Oz., 50c
---Nana Aurantiaca. Dwarf orange. Pkt., 10c. Trade pkt., 25c
---Nana Pallida. Dwarf, pale yellow. Pkt., 10c. Trade pkt., 25c

---Liliput. The miniature marigold.------------------------------------------------------ Pkt., 10c. Trade pkt., 25c. Oz., 50c

MARVEL OF PERU (Four O'clock). A well known garden favorite. Is gaining in popularity as a border for walks and drives, for which it was used very generally in Cleveland and vicinity this past season.

---Tall. Yellow, yellow and red, rose, crimson, flesh, white, mixed.------------------------ Pkt., 0.5c. Trade pkt., 10c. Oz., 20c
---Dwarf. Carmine, tricolor, yellow, white or mixed. Pkt., 0.5c. Trade pkt., 10c. Oz., 20c
---Variegated Foliage Dwarf. Fine for borders, mixed Pkt., 0.5c. Trade pkt., 10c. Oz., 20c

MIGNONETTE. Very rapid growth, rather dwarf, delicately scented. Does best during cool months. Plant either very early or very late or both for succession.

---True Mignonette. Thick dark green leaves. Gray flowers.----------------------------- Pkt., 0.5c. Trade pkt., 10c. Oz., 40c
---Golden Queen. Light golden yellow.--------------------------------- Pkt., 0.5c. Trade pkt., 15c. Oz., 50c
---Ruby. Largest size, intense red.------------------------------------- Pkt., 0.5c. Trade pkt., 10c. Oz., 40c
---Allen's Defiance. Largely used for forcing. A splendid sort and of good keeping qualities when cut.----------------------------- Pkt., 10c. Trade pkt., 20c. Oz., 60c
---Miles' Spiral. Spikes 8 to 10 inches long, very fragrant.-------------------------- Pkt., 0.5c. Trade pkt., 15c. Oz., 30c
---Persian's White. Large spikes pure white, very fragrant.---------------------- Pkt., 0.5c. Trade pkt., 15c. Oz., 30c
---Goliath. Strong, compact grower, giant trusses of flowers on strong, stiff stalks. Surpassing all others in brilliancy of color. Especially adapted for florists' use.-------------------------- Pkt., 15c. Trade pkt., 25c. Oz., 75c

CLARKIA ELEGANS. Pretty and easily grown annual, fine for cutting. Mixed scarlet, salmon, white, etc.---------------------- Pkt., 10c. Trade pkt., 30c

NASTURTIUMS. Probably best known and most used of any other annual. For several years we have carried a long line of named sorts, but the demand has been almost entirely for mixed. This season we have given especial care to the few mixtures below and have cut out the named varieties.

---Hybrids of Madame Hunter. Old shades of salmon, rose, reds, yellow, etc., climbing.--------------------- Pkt., 0.5c. Trade pkt., 10c. Oz., 15c
---California Giants. Large leaves, heavier vine, large flowers, good trellis cover.------------------- Pkt., 0.5c. Trade pkt., 15c. Oz., 25c

SWEET PEAS

After many careful trials of sweet peas, both in novelties and standards, we offer the severely pruned list below. Long lists of similar colors and shades tend to confuse all but the initiated. Extravagantly priced novelties generally amount to little but a slight change in shade or color are almost invariably so poorly fixed that they are badly mixed, sometimes we find them so much so that it is difficult to get any line on the sort described. We offer below the cream of the world's best, selected with regard to all points, size, stem, color and vigor. The mixture will be found equally good.

—Afterglow. A beautiful combination of electric blue and mauve, waved giant

—Hercules. Magnificent soft rose-pink, often reaching two and one-half inches, the best pink

—Apple Blossom. An exact reproduction of Apple Blossom and having the splendid wavy blossoms of the Spencer type

—Asta Ohn. A splendid lavender Spencer. Enormous frilled flowers upon stiff stems

—Aurora. Flowers striped and mottled with orange salmon upon a background of creamy white

—Bolton's Orange. Very fine deep orange, large, waved, new

—Chrsissie Unwine. Large, crimson scarlet, waved

—Countess Spencer. Lovely clear pink, shading deeper at the edges, waved

—Constance Hinton. A fine black seed white. Where seeds must be planted very early this is much better than King White as it will not rot in the ground

—Dainty. White with picotee pink edge, waved

—Early Flowering Spencer Mixed. Fully as large as the main crop Spencers, but coming into bloom fully three weeks earlier

—Frank Dolby. The Standard florist's lavender, deep in color, large

—Florence Nightingale. Deeper color than Asta Ohn, contains no pink, answers best where lavender without pink shading is wanted

—E. J. Castle. Immense carmine rose, waved

—Gladys Unwin. Pale pink, waved

—Gorgeous. A brilliant combination of scarlet, orange, and rose

—Helen Lewis. Brilliant crimson orange, wings orange-rose, waved

—Helen Pierce. Mottled bright blue or white

—Hon. Mrs. E. Kenyon. Primrose, giant flower

—Illuminator. Glowing light salmon, one of the very best

—King Edward. Large flower, crimson scarlet, waved

—King White. The very finest white sweet pea in cultivation. Always in fours on stout stems, well waved, and very vigorous

—Lady Grisel Hamilton. Another florist's favorite. Palest lavender, very vigorous grower, long period of bloom

—Lady Skelmersdale. A mottled combination of rose and purple

—Margaret Atlee. Rich glowing pink on cream ground, a rank grower generally producing flowers in fours, the best cream pink to date

—Mrs. C. W. Breadmore (Novelty). Rich cream, edged buff-pink, large and finely waved

—Mrs. Hardcastle Sykes. Blush-pink, large finely waved, the best blush-pink

—Mrs. Rountzahn. Soft chamois-pink, a beautiful cut flower, waved

—Mrs. Walt Wright. Beautiful deep mauve, shaded, waved

—N. Unwin. A grand white, waved

—Othello. A magnificent deep maroon

—Phyllis Unwin. Bright rose pink, waved

Sow winter flowering sweet peas for early flowers, pull out when Spencers arrive and plant space with asters.

From the Painesville Herald, Nov. 21
The following article is going the rounds of the Nursery and Florists’ Trade papers:

KUNDERD SELLS ENTIRE STOCK FOR 1919-1920

Bulbs go to Painesville, center of the nursery business in America.

A. E. Kunderd, of Goshen, Indiana, reports the sale of all the surplus bulbs of his entire catalogue list for 1919-1920, and that he will not issue a catalogue this season. The sale was made to Goodhold Farm, of Mentor, Ohio, one of the largest farms and show places in the Western Reserve. It is situated on the main Chicago-Buffalo pavement, in West Mentor, seven miles west of Painesville.

The consideration of the sale is not mentioned beyond the fact that the price is the largest ever paid for one sale of gladioli in the history of the trade.

Among the products of the farm are registered Holsteins, Berkshires, Percherons, finest field and vegetable annual and perennial flower seeds, bulbs, perennial plants, and ornamentals. The nursery and seed department is under the management of Ralph E. Huntington, of Painesville, who is well known in the trade.

During the past season, some two hundred of the Kunderd introductions were planted on the road front of the farm, and proved a great attraction to the hundreds of passing tourists. None of the bulbs in this purchase will be resold this season, it being the intention of the management to increase these stocks, which have always been too small to supply the demand of the catalogue houses.

It may, be mentioned in passing, that the stock of gladioli and perennial plants at “Good Hold” will soon be the most complete in America, if not in the world.
GLADIOLUS
Prices, each and 12 by mail prepaid. Per 100 by express collect.

The most attractive and easiest grown of all summer flowering bulbs. We are large growers of gladioli and of many of the better varieties offered we control the largest stock in America. All bulbs offered are without exception our own growing and we guarantee satisfaction in every respect. Our list is selected with greatest care from thousands of tests, and we offer only the very best of garden varieties and those most used by the professional grower of cut flowers.

Our show record has been printed in this space so many times that it must be getting to be somewhat old reading to those who receive our list each season.

Our stock is good, all home grown and we guarantee results. If anything bought from the following list is not strictly true and strong, write and we will see to it that your stock is made right. Prices per 100 here are as low or lower than many firms are quoting on lots. In some cases we can shade prices on thousand lots and would request large buyers to write for quotations.

All bulbs are guaranteed to grow and bloom well.
GLADIOLUS—Continued.

—BUTTERFLY. A California introduction, tango or orange red, sharply breaking to a throat of brilliant velvety crimson bordered bright yellow. A veritable butterfly and one of the most striking gladiolus. \( \text{Each, 15c. Doz. } \$1.25 \ 100, \$7.50 \)

—CHRISTINE MARGARET KELWAY. One of the July flowering Kelway types, blooming about ten days earlier than the average. A delicate combination of small flowers, tips of petals edged pink, yellow throat, running down to deep pink, flowers large and well arranged. \( \text{Each, 10c. Doz. } \$1.00 \ 100, \$8.00 \)

—CHICAGO WHITE. White with faint lavender markings, small flower but early, a great favorite with the cut flower trade. \( \text{Each, 8c. Doz. } \$0.75 \ 100, \$3.00 \)

—CONSPICUA. Lighter blue than Blue Jay, with conspicuous yellow spot, edged with deep blue rim. \( \text{Each, 20c. Doz. } \$1.75 \ 100, \$13.00 \)

—CONSPICUA. A very good new blue, light blue with conspicuous black blue throat. Extra fine. \( \text{Each, 15c. Doz. } \$1.50 \ 100, \$10.00 \)

—EUROPA. The finest pure white, massive spikes of purest white, very large flowers, \( \text{(new)} \) \( \text{Each, 20c. Doz. } \$1.50 \ 100, \$10.00 \)

—EMPERESS OF INDIA. Dark brown-red, true Gandavensis, very prolific, most bulbs showing three flower spikes. This variety will keep ten days after cutting. \( \text{Each, 10c. Doz. } \$0.75 \ 100, \$4.00 \)

—FREDERICA WIGMAN. Fine light red, yellow throat, an unusual and attractive combination. \( \text{Each, 8c. Doz. } \$0.75 \ 100, \$3.00 \)

—GLORY OF HOLLAND. White, with faint pink markings. A very strong grower, erect at all times. One of the best white sorts. A. M. Covent Garden. \( \text{Each, 10c. Doz. } \$0.75 \ 100, \$3.00 \)

—GOLDEN KING. The strongest growing variety in the yellow class. Color deep yellow with mahogany throat. Reaches fully 4½ feet, flowers large and spike long. This variety is attracting much attention among foreign growers. \( \text{Each, 15c. Doz. } \$1.00 \ 100, \$8.00 \)

—GOLIATH. Extra large wide open flower, deep velvety wine, the darkest red, extra fine, one of the best. \( \text{Each, 20c. Doz. } \$1.50 \ 100, \$10.00 \)

—GRENADEC. Scarlet, ground overlaid velvety orange. Lower petals each bisected by a narrow white band, running to a throat of gleaming mahogany. Upper petals silvered. The whole faintly mottled with tawny red. Edge of petals are slightly wrinkled, giving to the flower a ruffled appearance. Its gorgeous color, both front and back, makes it an ideal bedder as well as cut flower. Size large, spike compact and full. Substance extra good. Splendid keeper, multiplies at least twice. \( \text{Each, 10c. Doz. } \$1.75 \ 100, \$10.00 \)

—HALLEY. Beautiful salmon-pink, with light creamy blotch, earliest large flowered gladiolus to bloom. A very profitable cut flower and a fine garden sort. \( \text{Each, 8c. Doz. } \$0.75 \ 100, \$3.50 \)

—HOLLANDIA. Rose salmon, resembles the Primulinus hybrids, but much larger. A beautiful, well lighted sort for cutting. \( \text{Each, 8c. Doz. } \$0.75 \ 100, \$3.00 \)

—JANE DIEULAFYOY. The finest of the Lemoine gladiolus. Very large, wide open flowers, long spike, ivory-white, with blood red blotch. \( \text{Each, 10c. Doz. } \$1.00 \ 100, \$6.00 \)

—LILY LEHMANN. An exquisite combination of faint pink and white. Purest ivory white, lavender anthers, tips of petals faintly touched or flushed pink. A large flower and much stronger grower than the Childsii or Groff in these shades. \( \text{Each, 8c. Doz. } \$0.75 \ 100, \$3.50 \)

—LOVELINESS. An important addition to the yellow class, large, wide open delicate cream colored flowers, well placed on heavy spikes, often showing twelve flowers open at once. An improvement on Niagara. The best in this class. \( \text{Each, 10c. Doz. } \$1.00 \ 100, \$3.00 \)

—PANAMA, (new). The finest pink gladiolus yet offered, similar in form and growth to America, taller, larger, slightly deeper in color and beautifully lighted. \( \text{Each, 8c. Doz. } \$0.75 \ 100, \$3.00 \)

—LA LUNA. Glistening white with sharp markings of clear mahogany-brown in throat. Very large flowers. The finest of this type. \( \text{Each, 15c. Doz. } \$1.50 \ 100, \$8.00 \)

—LIEBESFEUER. Bright scarlet, very long spike, many open, the new 'Bronchleyensis' and a great improvement. \( \text{Each, 15c. Doz. } \$1.50 \ 100, \$8.00 \)

—MASTER WEBERTUS. Light rosy mauve with white throat. Medium size well open flower. Very valuable for cutting with yellows. \( \text{Each, 10c. Doz. } \$1.00 \ 100, \$5.00 \)

—MASTER WEITSE. Dark maroon, overlaid violet. Tall and strong grower. A valuable dark variety. \( \text{Each, 10c. Doz. } \$1.00 \ 100, \$5.00 \)

—MR. MARK. Light blue, passing to deeper blue, dark spot on lower petals. \( \text{Each, 20c. Doz. } \$1.75 \ 100, \$12.00 \)

—MRS. FRANCES KING. Enormous wide open flower, of deep salmon pink, mottled darker. Its great size makes it rather loppy and it should be staked. A splendid cut flower and very showy. \( \text{Each, 10c. Doz. } \$1.00 \ 100, \$5.00 \)

—MRS. WATT. A large flowered sort. Very strong and robust. Color red, of the exact shade in American Beauty rose. A beautiful combination when used with yellow. \( \text{Each, 10c. Doz. } \$1.00 \ 100, \$5.00 \)

Conspectus is an easy grower—fine blue shade.
GLADIOLUS—Continued.

—NORMA DEE CHILDS. Large flower and spike, delicate white penciled soft pink, deepening to a sulphur-yellow throat. A most exquisite combination. Each, 15c. Doz. $1.50 100, $10.00

—NIAGARA. In this type this variety resembles "America." Flowers are somewhat larger, reaching 4½ inches across, of a beautiful cream shade, blending to canary yellow on lower petals. The throat is faintly striped with carmine and the lower ends of petals are also blushed with carmine. The stamens are purple and the stigmas pale carmine, livening the effect of the flower. A vigorous and very graceful grower. A. M. R. H. S. Each, 10c. Doz. $1.00 100, $5.00

—PINK PERFECTION. A new Holland origination. Purest light or apple blossom-pink, large flowers, very closely arranged on a long spike. Extra fine. This variety won special mention over Panama at Covent Garden in 1914. Each, 10c. Doz. $1.00 100, $5.00

—PINK PROGRESSION. Tall spike of medium size flowers, light pink with dark blotch. Very early. Each, 10c. Doz. $1.00 100, $5.00

—PEACE. A fine new variety, very robust, large flower, white, with faint lilac markings, on lower petal. It reaches a height of fully five feet, with a correspondingly long flower spike. A very late blooming sort. Each, 10c. Doz. $1.00 100, $4.00

—PRIDE OF HILLEGOM. A fine brilliant crimson, strong grower and distinct. Well worth growing Each, $1.00 Doz. $10.00

—PRINCEPS. An especially fine sort, with immense wide open flowers of rich, dazzling scarlet, marked with white on lower portion, which intensifies the scarlet. Each, 5c. Doz. 50c. 100, $2.50

—PRINCEPINE. A seedling of Princeps, same beautiful red, intensified with a pure white blotch in throat. Unlike the parent, this variety shows several flowers open at a time. Each, 8c. Doz. 75c. 100, $2.50

—PRINCE OF WALES. Clear pale salmon without a spot of any other color, very large flower. Each, 25c. Doz. $2.50

—WHITE GIANT (Holland). One of the best and largest pure white varieties. A wonderful white. — Each, 40c. Doz. $4.00 100, $30.00

—WILBRINCK. A fine light pink sport of that valuable florist’s variety, Halley. Very early, large, long stem, a profitable cutting sort. — Each, 15c. Doz. $1.50 100, $8.00

GLADIOLUS KUNDERDII

For several seasons we have been offering some of the originations of Mr. Kunderd, always sorts that stand far above the general list. This summer a personal selection from the fields at Goshen has resulted in the lists below, all of which without exception will be found strictly distinct, and a revelation to those who have not seen the magnificent creations of this interesting wizard of horticulture. We have taken the few Kunderdii from our general list and added them to this, bring all his productions together.

Prices range higher on these varieties but considering that of many of them the entire stock on earth consists of a few hundred bulbs, they are quite reasonable. Each will be found strictly worth the price asked.

GLADIOLUS KUNDERDII.

DAHLIAS

Price per each and 12 by mail prepaid, per 100 by express.

Another of our specialties. It would be very easy to offer a collection of 500 sorts. The list below is selected as the best from more than twice 500 for their color, form and free blooming qualities in both northern and southern climates. Those who have "no luck with dahlias" will do well to try them. Many of the finest varieties especially in the lighter colored cactus and decorative dahlias are a distinct failure in the northern and middle states and more than 200 miles from the Atlantic seaboard. The following list is a survival of the fittest from over 500 varieties and will be found to do well wherever Dahlias can be grown at all. They are carefully rouged of yellow centers and all undesirable traits.

CACTUS DAHLIAS

In form they somewhat resemble the Chrysanthemum, petals long, narrow, incurved and sometimes twisted, giving them a very graceful appearance. They are better blooming than the show types and we offer the earliest in the respective colors.

—Aurora. Pink, tinted white, overlaid yellow, early and free. Each, 25c. Doz. $2.50
—Countess of Lonsdale. The most dependable in the entire cactus list. Early and free. Each, 15c. Doz. $1.50 100, $10.00

PERENNIAL PLANTS

Too often the average hardy garden or border suffers from an unwise selection of material. Our old favorites, such as Aquilegia, Digitalis, and others of the earlier blooming sorts deserve a prominent place, but many others will be found here both borders and standards, that are late blooming. A wise sprinkling of these, together with the free use of the shears on the earlier sorts when through blooming, will work a vast improvement on the perennial plantings as usually selected.

No other class of plants has gained so much in popularity in recent years as the perennial section. The progressive florist will find a good supply of these on his grounds, an investment for profit, an acquisition of beauty and a splendid business increaser. They are used by the hundreds in every garden and many of them are in great demand as cut flowers. We offer here a fine line of the old-fashioned favorites, and also many sterling new additions. All are perfectly hardy, being field grown and wintered outside practically on the banks of Lake Erie. Prices per one, dozen, and hundred show great variation, but please note that mixed orders are expensive to dig. Where a long list one of a kind is wanted, please allow us to quote prices. Four of a kind at dozen rate, twenty or more at one hundred rate.

ANEMONE (Wind Flower). A most valuable class of hardy plants, blooming from early September until mid-November. They grow rapidly and are very profuse in bloom. Furnishing beautiful cut flowers and a brilliant field display.

ANZUSHA ITALICA (Dropmore Variety). One of the most important hardy plants of recent introduction. A grand improvement on the old A. Italica. It is remarkably free flowering. Comes into bloom with or very nearly with Delphinium. Rather rank in growth, it attains a height of 5 to 6 feet and covers itself with pretty blue flowers about 1 inch in diameter. We have tried this for three years before offering it and it certainly has made good. We recommend it very highly. Strong field roots.

Monarda Salmonea is very pretty and easy to grow.
PEONIES

A most profitable and easily grown cut flower. Peonies should be on the grounds of every florist who has room for them, not only for the cut flowers but also to supply the local demand for roots. Prices quoted are for three to five eye plants. They should be set from September on, and we would be glad to book orders for shipping at that time.

—Asa Gray. Very large full imbricated bloom of delicate lilac, sprinkled with minute dots of deeper lilac. Very free and strong grower. The only peony in this color. Fragrant and distinct. Each, $1.00 Doz., $9.00 100, $40.00
—Albatre. One of the finest peonies in cultivation, large convex bloom, perfect pyramid fresh pink, showing when fully opened, a well formed pointed rose bud in centre. One of the most striking peonies of its class. Each, $1.00 Doz., $9.00 100, $40.00
—Baroness Schroeder. Very large globular, flesh, fading to pure white, very fragrant, strong, free blooming. One of the finest peonies in cultivation. Each, $1.00 Doz., $10.00

HEDGE PLANTS

BERBERIS THUNBERGII. For a low growing deciduous hedge nothing equals this. Spreading habit and very thick at base, it is easily boxed or trimmed square. The fruit or berries are scarlet and hang most of the winter. Absolutely hardy everywhere. 6 to 12 inches. Per 10, 50c. Per 100, $3.00 Per 1000, $22.00 18 to 24 inches. Per 10, $1.50 Per 100, $10.00 Per 1000, $90.00

PRIVET. Besides being one of our best hedge plants, the various varieties are useful in the border or as specimen plants. Almost evergreen and of dense, compact habit. Almost evergreen and of dense, compact habit.
—California. 2-3 feet bushy. Each, 15c. Doz. $1.25 100, $10.00

PRIVET POLISH. Whether this originated in Poland or not, it is certainly hardy enough for that country. Did not kill back a single bud in last winter's extreme cold. Those who want the effect of P. California in a perfectly hardy plant will find it here. Each, 15c. Doz. $1.50 100, $12.00
—Regel's (Regalianum). A fine dense shrub with stiff horizontal branches, drooping at the ends. The best privet and perfectly hardy. Fine for specimen plants, 18-24 inches. Each, 15c. Doz. $1.25 100, $10.00
